## Troops Ready To Quell Strike Riots At Flint

14 Shot, One Critically, in Series of Disorders Gov  
Murphy Dashes to Scene and Mobilizes Guards-  
men To Help City and State Police

By The Associated Press  
FLINT, Mich., Jan. 12.—Michigan national guardsmen were mobilized today in fear of a renewal of rioting at the strike-closed Fisher Body plant No. 2 after a night of disorder in which at least 14 persons were shot—one wounded critically—and a score suffered other injuries.

## PARIS - BERLIN TENSION EASES

Two Powers Reported Framing Vast Accord in 'Full and Lasting Settlement'

Schacht Expected To Visit French Soon To Discuss Trade Agreements

By The Associated Press  
PARIS, Jan. 12.—In a sudden breaking of the acute tension which has bound Europe since before the Christmas holidays, France and Germany were reported today to be negotiating a vast accord in full and lasting settlement of their difficulties.

The first break came in Berlin where Reichschancellor Adolf Hitler and French Ambassador Andre Francois-Poncet exchanged mutual assurances of territorial integrity.

The German minister of economic affairs Dr. Hjalmar Schacht was understood to have made arrangements to come to Paris before the end of the month.

POULSON PICKS AID  
COLUMBUS, O., Jan. 12.—Francis W. Poulson, chairman of the Democratic state executive committee, appointed Carlton C. Reiser, Napoleon attorney, as vice-chairman today.

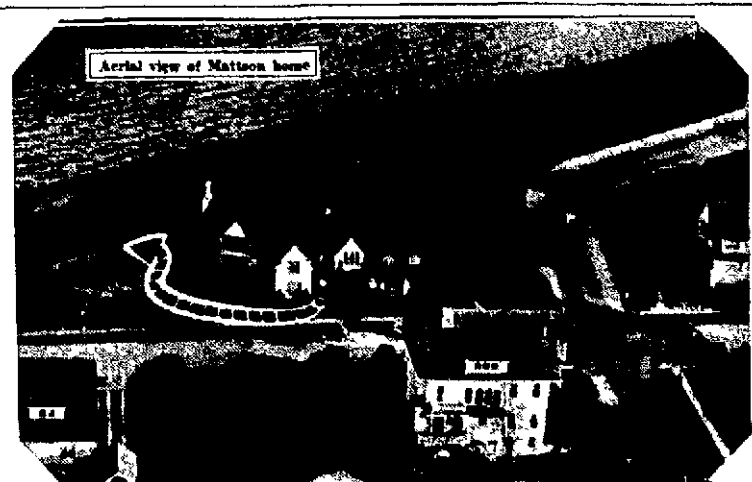

## "SPEEDER" GIVEN BLAME FOR MOST AUTO MISHAPS

Highway Patrol Head Discusses Traffic Accidents and Gives Three Ways To Cut Huge Toll of Life

Declaring accidents don't just happen, Col. Lynn Black of Columbus, chief of the state highway patrol, speaking here at the first session of the Junior Chamber of Commerce drivers' school placed the blame for 90 per cent of all fatal highway crashes on the "speeder."

Next to the fast driver, Col. Black placed the intoxicated driver whom he classed as a potential murderer who might as well go out with a machine gun and mow down his victims.

## PICTORIAL REVIEW OF MATTSON KIDNAPING

The aerial view of the Dr. W. W. Mattson home at Tacoma, Wash., shown above at left traces the steps of the kidnaper as he fled with 10-year-old Charles Mattson the arrow mark.

## RIVER SEARCHED FOR TWO LOST AIRMEN

Army Fliers Believed To Have Plunged To Their Deaths in Illinois Stream

By The Associated Press  
HENNEPIN, Ill., Jan. 12.—Searchers turned to the murky waters of the swollen Illinois river today in quest of a missing airplane believed to have carried two Massachusetts national guardsmen to their deaths.

The craft was missing on a projected Chicago to Moline flight. Three fliers said they saw a monoplane of similar description fall late night either into the stream or the adjoining swamp lands.

ABOARD the missing plane were Lieut. Frank O. Ols of Boston and Sgt. John F. Gibbons of Natick, Mass., both of the 101st observation squadron, Massachusetts national guard. They were enroute to visit the lieutenant's father, Dr. Frank Ols at Moline.

Authorities of three counties and a score of state highway patrolmen made an unavailing night-long search of the marshes. Planes were sent to scan the area.

William Casey, whose farm is near the river south of Hennepin, said the plane circled the city at a height of about 500 feet, apparently in distress, then flew over the mile wide stream and plunged.

## POLICE CAPTAIN GETS 2 TO 30 YEARS

By The Associated Press  
CLEVELAND, Jan. 12.—Common Pleas Judge Frank S. Day sentenced Michael J. Harwood, former police captain, today to serve from two to 30 years in Ohio penitentiary for accepting bribes from bootleggers during the prohibition era.

A jury convicted Harwood on eight counts.

Defense Counsel C. Conrill, whose new trial motion the judge denied, announced he would appeal.

## JERSEY CALF ON LIST OF PRISONERS

Bovine Lost from Truck Brought to Sheriff's Office

A Jersey calf today was listed among Sheriff Fred F. Miller's prisoners at the county jail. The animal was brought to the sheriff's office about 10:45 o'clock this morning by George Galt of 179 Harrison street.

He reported that the calf had fallen from a northbound cattle truck near the north city limits. Deputies in the sheriff's office checked the ear tag number attached to the calf and found through a livestock company that it had been one of a shipment enroute to Bucyrus in a truck driven by Edgar Wyatt of Waldo.

Unlike other county prisoners the calf was given special quarters in the garage at the rear of Sheriff Miller's residence on North State street. It apparently was only slightly injured by the fall from the truck and was to be held until claimed by the owner.

## PRICE RISE SEEN IN MEN'S APPAREL

By The Associated Press  
CINCINNATI, Jan. 12.—Sharp rises are ahead this year in the price of men's apparel, members of the International Association of Clothing Designers advised today while its president said that production in 7,000 domestic factories had increased 20 per cent.

Joseph Peters, Cincinnati designer, said the more colorful spring clothes would cost 10 per cent more than last year and that fall and winter wear would be 15 to 20 per cent higher.

## DRIVER OF ACROBATIC AUTO FACES COURT

Car Does Hop Skip and Jump With a Few Twists for Good Measure

Donald Colburn, 42, of Fortolun, is in the city prison today accused by police of driving while intoxicated after being taken into custody when his automobile became acrobatic last night on Delaware avenue. The car, according to the police report, executed nearly everything but a backward loop in mid air.

The car was headed north near Superior street when it went "hazy" and hoped slipped jumped rolled over skidded alternately on the side and top and went over the curb twice before it finally came to a stop right side up, with its nose pointed to the south-east.

Police who were called to the scene traced the fantastic gyrations of the automobile and wondered how the driver escaped uninjured. According to the cold facts and figures as stepped off by the investigating officers, here's what happened to the car.

It struck the west curb south of Superior street traveled about 60 steps (and turns) over skidded 30 more steps on its side and then rolled on its top to spill some 20 steps before striking the east curb and righting itself on the four wheels.

As if that wasn't a good performance for any acrobat, it went over the curb to travel about 24 steps along the inside of the curb, coursed back into the street for a short distance leaped the curb again and came to a stop.

Colburn who told police he was alone at the time of the accident, was unable to give any explanation for the cause of the accident. He was taken to the city prison and his car was taken to the McDaniel Motor Co. garage. Employees at the garage estimated that the damage to his car amounted to about \$120 to \$200.

Colburn was charged with driving while intoxicated and was held in the city prison today.

## ROOSEVELT APPEAL SPURS LAW FORCES ON FEVERISH CHASE

Child Slain Long Before Battered Body Was Found in Woodlands; Coroner Revives Maniac Theory.

By The Associated Press  
SEATTLE, Jan. 12.—The Seattle Times today quoted an unnamed authority as stating that the body of Charles Mattson, kidnapped and slain boy, had been found in an automobile in a wooded area.

The newspaper stated federal Bureau of investigation agents impounded the automobile and the clothing.

At Everett Sheriff Walter Lusk, who denied any knowledge of the reported find.

The account here stated the driver of the car it suddenly after making the service at attention to the find the police took.

The attention was the clothing, not bloodstained. The Times in fact said the find called government men.

By The Associated Press  
TACOMA, Wash., Jan. 12.—An army of manhunters and a relentless hunt today for the kidnaper of 10-year-old Charles Mattson.

Clue the kidnaper at all costs was the grim war cry of command. The law forces released from long restraint by the discovery yesterday of the boy's mutilated body in snow covered woods.

He had been killed by the assassin, a woman public enemy No. 1, while his physician father strove futilely to meet the kidnaper's condition and pay the demanded \$25,000 ransom.

Clue Sought from Body  
From the beaten woman body, agents and the obtaining of law agents sought a clue that would lead to the kidnaper's hideout.

Co-ordinated and independent groups of officers elsewhere in the city today had let out at Dr. W. W. Mattson's request.

While federal bureau of investigation men under Harold Mathis, assistant to J. Edgar Hoover, scrutinized evidence they gathered at the autopsy and near Everett where they body was found.

Police disclosed by Coroner Otto H. Mittelstadt of Seattle who examined the body before it turned over to the police, a maniac or degenerate may have committed the crime.

I Hope To Get Reward  
The kidnapping and brutal killing stirred the Washington state legislature on its opening day and it appeared probable that body would post a \$50,000 reward on the kidnaper's head.

Paul Revere, a close friend of the family who helped identify the body said Charles has been dead a long time probably between three days and a week—long before Dr. Mattson's last frantic efforts to pay the ransom. Blood on the body was frozen indicating the boy was dead before he was dragged there.

No Leads Yet  
Federal agents under Nathan were alert. Other authorities admitted they were as yet without one definite bit of information which might send the kidnaper to the gallows under Washington's kidnapping and murder laws or the federal Lindbergh law.

It was known the agents relied chiefly on bits of evidence—the ransom note left behind by the man who abducted Charles from Tacoma.

Seattle manager of the Rainier Park Co. and intermediary in efforts to free the boy whose body was found near Everett today told the United Press some of the inside details of the case.

Seattle quoted Dr. Mattson now near collapse at his home, as follows:  
The ransom was not paid although I made every effort to pay it, and put forth every endeavor to follow instructions. The instructions were so elusive, however, and there was such a confusion of

notes I was unable to pay the ransom.  
It is quite evident the boy was killed instantly and had been dead a considerable time.  
The kidnaper became exceedingly wary during the last few days and judging from the condition of Charles' body, he was still trying to collect the ransom money after Charles was dead.  
Seattle said a number of notes had been received from the kidnaper during the fifteen days between the abduction of 10-year-old Charles and the finding of the body.  
Asked how many he would say, only that there were "more than several."  
Seattle intimated that the notes were the product of a disordered mind.

## LOOK OUT FOR A COLD!

The "Common Cold" is the Common Forerunner of Pneumonia and Other Serious Diseases!

The Sensible Thing in Treatment

How often have you seen it—a cold today and something worse tomorrow. Almost every case of bronchitis, bronchial pneumonia and influenza has its start in the "common cold". According to recently published figures, there is a death every four minutes from pneumonia traceable to the "common cold".

A menace to life and health, the "common cold" is also a severe tax on the public pocketbook. Statistics prove that the average person loses ten days' work a year on account of colds.

If there's anything you want to watch, it's the "common cold". Health authorities on every side urge it. Don't take any cold lightly. Don't try to laugh it off. The cold that may be only a sneeze or a sniffle today may be a bad case tomorrow. Regard a cold seriously. Treat it for what it is—an internal infection.

As an internal infection, it is patent that a cold requires internal treatment. Merco surface measures—mere local treatments—may temporarily alleviate the symptoms, but to get at the real trouble, you must get at a cold from within!

An excellent thing to take for a cold is Grove's Laxative Bromo Quinine. First of all, it is expressly a cold tablet and not a preparation good for a number of other things as well. It has only one purpose, the treatment of colds.

Secondly, it is internal in effect and does four definite things of vital importance in the relief of a cold: First, it opens the bowels, an admittedly advisable step in the treatment of a cold. Second, it checks the infection in the system. Third, it relieves the headache and fever. Fourth, it tones the system and helps fortify against further attack.

A fourth treatment, in other words, Grove's Laxative Bromo Quinine accomplishes definite and speedy results. Grove's Laxative Bromo Quinine imposes no penalty for its use. It contains nothing harmful and is perfectly safe to take. For more than forty years it has been the stand-by of thousands in the treatment of colds and is today the largest-selling cold tablet in the world.

Bromo Quinine tablets now come sugar-coated as well as plain. They are sold by all good druggists. When you feel a cold coming on, don't dally, don't compromise, but go right to your druggist and get a package of Grove's Laxative Bromo Quinine. The cost is small but the stake is large!

## DOG LICENSE SALE IS MOVING SLOWLY

1,000 Yet To Go With Only 3 Days Remaining.  
When only eight more days remaining in which dog owners may buy licenses without penalty, there remain nearly 4,000 tags to be sold, County Auditor Harry V. Mounts said today. Tag No. 1,000 will be sold today.

All dogs more than three months old must have licenses, he said, the prices being \$1 each for males or spayed females, \$2 for females and \$3 for kennels Saturday afternoon the auditor's office will remain open to accommodate dog owners.

Persons who fail to obtain their tags before Jan. 20 are warned by Mr. Mounts that there is a fine of from \$10 to \$25 for harboring an unlicensed dog and that last year County Dog Warden Elmer Ullom picked up 750 unlicensed dogs.

## Keep Your Hot Water Service In Step With 1937

THIRTY years have seen great strides in hot water service. Yet, numerous homes today have a service that is less convenient than that furnished by water heaters of thirty years ago. Instead of lighting the gas where the hot water is to be used, many families have to run down to the basement to turn on or off the heater. A modern automatic storage gas water heater eliminates this nuisance. It furnishes a plentiful supply of piping hot water 24 hours a day at less cost. For a limited time you can buy a modern water heater from The Gas Company with \$16 saving! Easy payment enable you to take advantage of this offer at once.

\$128 CLAIM FILED  
FOR SHEEP KILLED

Dogs Slaughter 14 and Injure 12 in One Flock; \$222 Is Total for Week.

One of the largest individual claims for damages to sheep by dogs in several months was filed with County Dog Warden Elmer Ulton last week by Russell Klingel of Marion R. D. No. 7, who asked \$128 for 14 ewes killed and 12 injured. The total for the week ended Saturday was \$222.25, one of the largest weekly totals in nearly a year. Mr. Ulton's report to county commissioners shows:

During the same period 22 dogs were impounded. One a known sheep killer. Another of the dogs was shot on Mr. Vernon Avenue after it had snapped at several people.

The claims filed with Mr. Ulton are:

Harold Kuehner of Marion R. D. No. 5, \$10.50 for one ewe killed and one injured; Roy Mark of Marion R. D. No. 5, \$10 for four ewes injured; Grover Foss of Marion R. D. No. 1, \$24 for three ewes killed and six injured; F. M. Hazen of Prospect, \$9 for one ewe killed and one injured; Albert Seckel of Marion R. D. No. 1, \$18.50 for two ewes killed and five injured; A. G. Yeager of Agota R. D. No. 1, \$8 for one ewe killed, and Stanley Collins of Cardington R. D. No. 2, \$18.25 for one ewe killed and two injured.

## Your Health

BY DR. R. S. COPELAND

## Health Examinations.

Only recently I mentioned some of the marked advances made in medical science. In this article it was pointed out that, though the mortality rate had greatly been reduced and the average span of life lengthened, disability due to chronic disorders continues to increase. I emphasized the importance of medical care for all middle-aged individuals and their particular need for regular health examinations.

In consequence of this statement, many letters have come requesting advice as to the management and care of certain constitutional disorders. In many instances, I can give the desired advice because the trouble appears to come from overlooking simple rules of hygiene so essential to good health. But in other cases, the best advice I can give is to urge that the doctor be seen.

I cannot overstate the importance of periodic visits to the physician. No one will deny that it is far easier to keep well and to avoid disease than it is to cure it and to prevent its many complications. But, unfortunately, most persons rarely consult with the doctor unless in pain. There is no doubt that this accounts for the number of chronic disorders and the marked frequency of disabling diseases in middle age.

Often such disturbances as cancer, diabetes, high blood pressure, Bright's disease, heart disease and other afflictions come on slowly and quietly. Without any outward signs. When these are recognized in their early stages, adequate care and medical attention are of great value. Too often the doctor is not consulted until the insidious disease has made great inroad on the health of the individual.

Then again, there are many persons who suffer from what are regarded as minor and trivial complaints. Such disturbances as headache, nausea, "biliousness," indigestion, nervousness, loss of weight and insomnia should not be accepted as trivial disorders. These may be important warnings given by kindly nature.

If we could learn how important it is to keep well and to respect our bodies, there is no doubt that many of the chronic disorders would be avoided. I am more than confident that doctors would be able to cure a great percentage of them if the victims would apply for medical attention as soon as the first signs are noted.

Within the past quarter of a century great emphasis has been placed upon the importance of medical attention for the infant and child. As a result of periodic health examinations given to infants and children, many of the so-called disorders have been escaped. If this practice were utilized by adults, great improvement in health would occur.

## Answers to Health Queries

A Reader, Q.—Will you please tell me the causes of bad breath; also the cure?

DUCE'S SON TO WED  
PENILESS BLOND

By The Associated Press  
ROME, Jan. 12—A quiet parish wedding in Rome next Feb. 6 was announced today for Lieut. Vittorio Mussolini, eldest son of Il Duce, and Orsola Buvoletti of Milan, a pretty, blond and penniless.

At the same time it was disclosed Vittorio first had told his father of his intentions to wed Signorina Buvoletti with much trepidation because her family, while excellent socially, is very poor.

However Il Duce, who always had declared he wants to "go evermore to the people," asked only whether Vittorio's intended was healthy and capable of bearing a family.

He met Orsola in Milan when he went there for a speech last November—and approved.

A process has been developed for making lactic acid, used in several industries, from whey, a waste product of dairying.

OFFICIALS OF FAIRS  
MEET IN COLUMBUS

Marion County Delegation to Select Concessions; Raub Speaks.

Selections of concessions and program material for the 1937 Marion county fair will be made at Columbus today, tomorrow and Thursday by members of the fair board who left today to attend the annual meeting of the Ohio Fair Managers association. Those attending are W. H. Lust, president of the board, J. A. Raub, secretary, both official delegates, and John Swisher, William Rhoads and Sam Sauer, members of the executive committee.

Mr. Raub is slated on the program for the convention for a discussion of the art hall and its future at county fairs. Wednesday night the annual banquet will be held at the Deshler-Wallick Hotel with Gov. Davey, John W. Rucker, Louis J. Tabor, national master of fairs, Dr. George W. Rightmire, president of Ohio State university, and Earl H. Hanfield, state director of agriculture, as guests.

KENTON DEATH CAR  
DRIVER FACES COURT

Special to The Star  
KENTON, O., Jan. 12—An information charging Paul Richardson, 19, son of Mr. and Mrs. Mason Richardson of Kenton, with operating a motor vehicle with-

out a driver's license, was filed in common pleas court today by city police as funeral arrangements were completed for Harold W. Hieck, 13, son of Mr. and Mrs. Mildred L. Hieck, the year's first traffic victim in Hardin county. The youth was fatally injured when the sled, occupied by four boys, swept down the Leighton street hill and crashed into front end of the Richardson car.

## To Get the Best Cough Remedy, Mix It at Home

Quicker Relief. Big Saving. So Easy. No Cooking. This famous recipe is used by millions of housewives because there is no other way to obtain such a dependable effective remedy for coughs that start from cold. It is so easy to mix—a child could do it.

From any drug store get 2 1/2 ounces of Pinex a concentrated compound of Norway Pine famous for its effect on throat and bronchial passages. Then make a syrup by stirring two cups of granulated sugar and one cup of water a few moments until dissolved. It is so trouble all and takes but a moment. No cooking needed.

Put the Pinex into a pint bottle and add your syrup. This gives you a full pint of cough remedy far superior to anything you could buy ready made and you get four times as much for your money. It never spoils and is very pleasant—children love it.

You'll be amazed by the way it takes hold of severe coughs, giving you double quick relief. It loosens the phlegm, soothes the inflamed membranes and helps clear the air passages. Money refunded if it doesn't please you in every way.

## Young Mothers! Here's Help to END COLDS Quicker

**The 3-Minute VapoRub Massage**  
Massage VapoRub briskly on the throat, chest and back (between and below the shoulder blades). Then spread it thick over the chest and cover with warm cloth. It takes so little time—it does so much—this 3 Minute VapoRub Massage!

Almost before you finish rubbing, VapoRub starts to bring relief two ways at once—two direct ways:  
1. Through the Skin VapoRub acts directly through the skin like a poultice or plaster.  
2. Medicated Vapors At the same time its medicated vapors released by body heat are breathed in for hours—about 18 times a minute—direct to the irritated air passages.

This combined poultice and vapor action loosens phlegm—relieves irritation—helps break congestion. While the little patient relates with comfortable sleep VapoRub keeps right on working. Often by morning the worst of the cold is over. Avoids Risk of Stomach Upsets. This safe, external treatment cannot possibly upset the stomach as constant internal dosing is so apt to do. It can be used freely as often as needed, even on the youngest child.

**VICKS VAPORUB**

## DON'T SUFFER FROM CONSTIPATION

Read this letter from Wm. C. Hellogg, 1234 1/2 St., Denver, Colorado. "When I had constipation, I would feel lousy, as a matter of fact, I would feel like I was going to be sick. I would have to take a laxative. One morning I had a dish of Bran, it was very laxative, as keeps me in shape every day. Everybody knows that taking Bran is the best way to keep the bowels in shape. It is a healthy habit. How much better to eat Bran than to take a laxative. Hellogg's Bran relieves constipation because it is the body's 'bulk' it needs. Bran gives the weight in water, gently cleanses and softens the stool. It is a fact. Try it for a week. If not satisfied, your money will be refunded. Hellogg's Bran, Two Tablets daily are usually enough with every meal in chronic cases. Bran with milk or fruit. Sold by all grocers. Made by Hellogg in Ohio, Ohio."

# AUTO STRIKE: A Picture Story of How the Trouble Developed

A FUR FASHION

Fur fashion in summer adopted the practice of staying in the fur after getting work. Owners thus couldn't get the fur by operating the plant with substitute workers. The stay-in technique soon became known as the "sit-down" strike.

C. I. O. STARTS IN STEEL

Meanwhile in the U. S. John L. Lewis (left) had formed the Committee for Industrial Organization to push vertical unionism. With Philip Murray (right) as chief organizer, C.I.O. set out first to unionize steel workers.

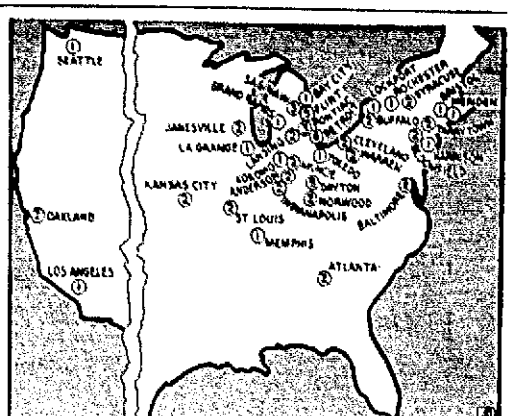

MOVES TO AUTOMOBILES

Automobile workers, too, were largely unorganized and among them the recruiting was done by United Automobile Workers of America, a C.I.O. union headed by Homer S. Martin.

AMERICANS ALSO SIT

Actual auto labor trouble began not with the auto makers, but with parts manufacturers. Among the first strikes was that at the Bendix (brake maker) plant at South Bend, Ind., where workers adopted the sit-down technique.

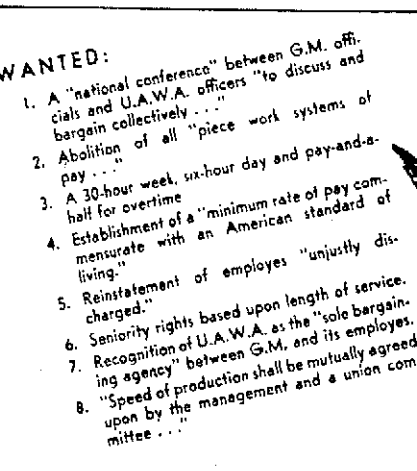

GENERAL MOTORS—A TARGET

As biggest motor maker (location of its 69 plants shown on map), General Motors offered the ultimate test of any attempt to unionize auto workers. John L. Lewis said "go" when he remarked it was time for General Motors "to do a little collective bargaining."

STRIKE ONE ON G. M.

First G. M. strike occurred at Atlanta, Ga., on Nov. 16 when workers stayed overnight in a Fisher Body plant in protest against alleged attempts to discharge men for wearing union buttons. They are shown leaving the plant next morning.

## WANTED:

1. A "national conference" between G.M. officials and U.A.W. officers "to discuss and bargain collectively..."
2. Abolition of all "piece work systems of pay..."
3. A 30-hour week, six-hour day and pay-and-a-half for overtime
4. Establishment of a "minimum rate of pay commensurate with an American standard of living."
5. Reinstatement of employees "unjustly discharged."
6. Seniority rights based upon length of service.
7. Recognition of U.A.W. as the "sole bargaining agency" between G.M. and its employees.
8. "Speed of production shall be mutually agreed upon by the management and a union committee..."

## WHAT THE UNION ASKS

As the U. A. W. offensive against General Motors got under way in earnest, President Homer S. Martin of the union laid down this eight-point program of demands. G. M. replied that workers could bargain collectively with individual plant managers.

THE REAL FIGHT BEGINS

While both sides issued statements and exchanged belligerent letters, the fight was carried on in the factories. Plant after plant shut down. In some workers walked out, but in more they "sat down."

G. M. STRIKES BACK

In a statement to employees, President Alfred P. Sloan, Jr. of G. M. said the "real issue" was this: "Will a labor organization run the plants of the General Motors corporation or, will the management continue to do so?"

IDLENESS MARCHES ON

Shortage of certain parts threatened to paralyze General Motors production. Department of labor conciliators and the governor of Michigan urged direct negotiations between G. M. and U. A. W. leaders as strikes and shutdowns spread.

## CHRISTMAS PARTY COMMITTEE MEETS

Reports Are Given On Holiday Entertainment for Marion Youngsters.

Echoes of the fourth annual community Christmas party were heard last night when the party committee met for final reports of chairman and committees and payment of bills. The meeting, held at the Central fire station, was well attended.

Reports showed that approximately 150 children were remembered with toys and a treat and that more than 1,400 of this number were entertained at the annual theater party at the Palace theater. The children unable to attend the show were those confined to their homes by illness and the children at the children's home.

The party was one of the most successful since the holiday project was inaugurated, and this success the committee said, was made possible through the generous and wholehearted cooperation and support of the organizations, individuals, merchants, theater managers and employees, the city bus lines and drivers, and all who lent no stone unturned before and during the party to make the hundreds of children happy on Christmas day. Stores cleared their toy counters at the close of business Christmas Eve and gave the toys to the party committee.

"Without the help of every one in Marion, either as an organization, store, firm or individual, it would have been impossible to provide every underprivileged child in Marion with a real Christmas," Gene Hill, chairman of the party committee said, "and we as a committee, wish to thank all who helped make the party the great success it was."

The party, which has come to be an institution in Marion, will be held next year. A meeting of the officers and representatives of the various organizations participating this year will be held Nov. 1, when new officers will be elected and plans launched for the 1937 party.

## JUDGE OSCAR GAST AT STATE MEETING

Probate Judge Oscar Gast is in Columbus today to attend the annual convention of probate and juvenile judges. The convention will last through Friday. Among the questions facing the judges is a proposal to create a separate juvenile court in counties where it is not already a distinct court such as Marion.

The committee on the proposal has presented all judges with a copy of the recommendations which they plan to submit to the state legislature. The new court would have jurisdiction over all criminal matters involving juveniles under 18. Election of officers of the state group will be held Tuesday.

## SAFEST CITY SOUGHT

SAN FRANCISCO — California's Safety council will endeavor to designate the "safest city" in the state. It will award a plaque to the municipality which had the fewest automobile deaths in 1936.
